CAREER OBJECTIVE

Passionate undergraduate student pursuing B.Tech in Robotics and Artificial Intelligence, seeking opportunities to apply programming, AI, robotics and software development skills while gaining practical experience and continuously improving.

EDUCATION

Year	Degree	Institute	CGPA / Percentage
2025–2029	B.Tech — Robotics & Artificial Intelligence	VNR VJIET	9.6
2023–2025	Intermediate — MPC	Sri Chaitanya Kalasala	981 / 1000
2023	SSC	Unique High School	9.8 GPA

PROJECTS

• Campus Transport Management
Technologies: Node.js, Express, MongoDB, Mongoose, JWT, bcrypt, Postman
– Secure REST API for campus routes, stops, vehicles and schedules with authentication, USER/ADMIN access, CRUD, validation, protected routes and centralized error handling.

• LiDAR-Based Distance Sensing in Autonomous Systems
Technologies: Arduino Uno, LiDAR, Arduino IDE, Sensors
– Built a LiDAR-based system for real-time distance measurement and obstacle detection. Used time-of-flight measurement and Arduino processing for reliable sensing in autonomous applications.

• Train Booking System
Technologies: C, Structures, File Handling, Functions
– Menu-driven reservation system supporting train details, seat availability, ticket booking, fare calculation and ticket generation.

• Smart Student Task Management System
Technologies: C, Linked List, Stack, Queue, Pointers
– C-based student task manager for pending/completed tasks with delete, undo-delete, completion and task tracking using data structures.

TECHNICAL SKILLS

• **Programming:** C, C++, Python, JavaScript, Arduino C
• **Web Development:** HTML, CSS, React, Node.js, Express, REST APIs
• **Database & Backend:** MongoDB, Mongoose, JWT
• **AI & Machine Learning:** AI/ML Fundamentals, Python, Machine Learning
• **Robotics:** Arduino Uno, LiDAR, Sensors, Embedded Programming
• **Tools & Platforms:** VS Code, Git, GitHub, Postman, Arduino IDE

TRAINING

AI-Powered Full Stack Web Developer Program *2026 – Present*
Ongoing Training — VNR VJIET
– Learning JavaScript, Node.js, Full Stack Web Development and AI integration.
– Exploring AI-powered web applications, LLM integration and modern development tools.

ACHIEVEMENTS

• 2nd Place – Working Model Competition, National Science Day 2026, VNR VJIET
• 3rd Place – Capture the Circuit, Convergence '26, VNR VJIET
• Certificate of Achievement – TCS iON Career Edge: Young Professional Course

POSITIONS OF RESPONSIBILITY

• Member, ISTE Student Club

LANGUAGES KNOWN

• English (Professional Proficiency), Telugu (Native), Hindi (Intermediate)

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge and belief.
